

Intro!

- Calc was discovered (not invented) by Newton and Leibniz.
 - Newton discovered derivatives, and Leibniz discovered integration.
 - First semester we will focus on #derivatives, second we will do #integration.
 - Used for:
 - * Rainbows...?
 - * Best seats in a movie theater
 - * Covid-19 spread
 - * these are her examples not mine

Topics:

- Limits
- Continuity
- Derivative
-

Application of derivatives

- FTC
- Integral
- App of Integrals
- Diff (uhh)
- Sequences and series

Rules and such: Such, and Rules - 24 hour advance on tutorial scheduling / rescheduling
