1 | The Ottomans' Successes in the 1500s

3 main factors of growth

- Original leader was quite shrewd
- Strategic link between Europe + Asia at the Daranelles strait
- Creation of army combining Trukish techniques + high tech gunpowder
- Eastern frontier => where Safavid was
- Southern frontier => red sea

The Early Rise

The country started with a mix of three cultures

- Turkish Nomads
- Muslim Warriors
- Christian Converts

In 1453, Constantinople was conquered by the Ottomans, which ended Byzantine rule + gave a pretty good capital

The Ottomans' Battlings

- Conquered Safavid Empire => 1514
- Seized Damascus in the year 1516
- Conquered Egypt 1517
- Worked around, and all the way to the Black Sea — attacking Arabia along the way
- Overran Hungary (although, Northern Hungary was kept, and so was the HRE) the same year
- Sought control of the Mediterranean
- (Unsuccessfully) tried to fight Venice
 - Initial fight => reduced millitary power + tribunage
 - Finally fell another century later, but due to unrelated reasons
- Fought the Porchugueses, too!
 - Tried to deter porchuguese threats
 - Successfully prevented them from closing in, but ultimately did not conquer into Porchigual
