

**Source:**

## **1 | his intro**

**1.1 | used to be very into econ**

**1.2 | worked at world bank bc he thought it was a good place to meet people who were interested in math and econ and help the world**

**1.3 | was sent to a country (forgot) during communism->capitalism transition and saw that the forced capitalist policies were not working**

**1.4 | went into management because that allowed him to actually help**

## **2 | other related areas**

**2.1 | do individuals matter in history**

**2.2 | impacts on marketing based on faith studies?**
