1 | **No, your the one who's actually fascist!**

paris peace settlements marked the end of the war,

many european governments went into isolationism, neutrality, or pasifism

created the leuge of nations

lots of unrest and economic instability, poverty, ect

hitler rose to power using this

usa teamed with the ssoviet union? to end nazi germany, then after the wwar it turned into distrust and rivary and the cold war

germany had a bunch of treaties, coudnt pay stuff, ended up hyper inflating.

american depressing hit, worldwide impacts, germany got hit especially hard, demagogue time!
