Electric — Alina Baraz

- Interesting EQ choice on vocals
- Synth panning automation?
- Vocal filtering action
- Drum machine being filtered too
- A LOT of filtering on vocals during chorus + backing vocals being synthesized instead of sung?
- Male chorus seems to be eqed for bases w/ a pretty low HP
- Filter and gain automation on synth create “wobbly” effect
- Ending rain SFX + a mids-only sound effect
- More wobbly filtering synth

Film — Aphox Twin

- Already, lots of drum machine action
- Simple sound texture — but sounds very clean
- Feels randomized at times
- Dropouts!

Every single thing

- Filter action
- Simple drum motif
- Interesting chorus
- Not quite sure how to describe the high chorus, but it's slightly off-putting

Black Qualls

- Funky filters + funky vocals
- Synth cutoff
- Various EQ effects on the vocals
- Radio effects

2 | 08272020

Ann Arbor 3&4

- Textured start
- Programmed sequence — cowbells? drum sequence?
- Unique, semi-irregular synth + pad sequence
- Interesting additional characters — background, auxiliary beats, disk scratches, pads and bells — elements to the music
- Synthesized vocals somewhere at 3:13 — I don't think works very well
- Ending a bit sudden
- Percussion formed central line of song

Leeway

- Interesting background texture
- Randomized drum machine
- Vocal gaps + drum gaps immediately follows gaps in beat

Distance

- Ahh, yes, the distance
- Vocals starts quite quietly
- “Streetside-guitar” vibe
- Not a large emphasis on percussion — percussion comes behind vocals + constant “ping” of synth

3 | 09012020**St8 Otta Mumbai**

- Synthesized Indian music style + mixing traditional Indian percussive instruments w/ electronic music techniques
- Vocals textured and filtered heavily
- Using vocals as instrumental + baseline
- Sudden cuts + pauses — harsh transitions
- Lots of variations

New Chapter

- Spontaneous, but programmatic drum beats
- Background vocal-based sequences
- Percussive + programming focused sound texture

Synth Grass

- Unique, distorted baseline punch
- Lyrics as part of the music
- Automated effects + filter + EQ on vocals

Plastic 100°C

- Synth keys + echos
- Very traditional keyboard techniques => no percussion!
 - Simple melody but varied synth techniques
 - Simple vocals =>
- Heavy echos + flatter/natural vocals => simple melody too
- Transition to synth as atmosphere

4 | 09032020**Similar (Tora)**

- Musical vocal texture
- Simple background guitar riff
- Chorus with space-filling EQ on chorus
- White noise adds texture to vocals
- Innovative shift between falsetto + modal voice
- Chill and traditional vibe

Atlantis

- Heavy noisy intro — tap vibes?
- Shifts into piano + synth rhythm
- Random sampling and synth patterns

Them Changes

- Simple drum pattern + white noise
- Simple bass riff
- Guitar “wobble”

5 | 09082020

Multi-Love

- Synth filled intro
- Drum sequence enters after the intro music
- Complicated drum sequence emphasizes music
- Filtered and EQed music texture

Fake Love

- Most of melody from the vocals
- Background “walla-walla” limited to the background music
- Drum beat seems to be limited to the kick machine
- Baseline very subtle in the background
- Synth tinge in the background

Beautiful Now

- EDM! + vocal machine intro
- Baseline actually supplied by... a high-pitched synth?
- EDM + Trap style interlude
- Vocals never clear, used as mostly texture and melody

Lying has to Stop

- Background filter wobble creates interesting, melodic effect
- Vocals come in, with a similar wobble as the one noted above
- Vocals heavily filtered, and as vocals as well
- Guitar with creative filters + EQ creates a similar unbalanced effect

Coffee

- Interesting video?
- Close up vocals
- Retro flavor

6 | 09102020

Juice

- Vocals as melody again
- Wobbling synth and claps + white noise as percussion
- Baseline contributed by synth, feels like Marshmello?
- Bird and nature sounds as decoration
- Various non-traditional percussion techniques
- Chinese drums?

onett

- White noise and textured beginning
- Base track
- Chill and again nature sounds

Chess Bling

- Trap + Electro vibes?
- Mechanical flute and traditional hip hop backing
- Pauses and gaps in baseline

.Paak's **Lockdown** ;)

- Paak's signature voice...
- Drum as the background + subtle baseline
- Filtered background noise + textured TV footage
- Traditional hip hop + soul techniques in background
- "Siren" as a part of the baseline

7 | 09152020

Fingerprints

- Chill vibes with solo loops
- Simple vocals
- Simple, acoustic drum sequence
- Electronic Flute accompaniments

Cucumber Water??

- Drum focused
- Electronic chiptone as melody
- Transitioned to rap lyrics, but still set to electro

- Finishing with again chiptune music

(That's a remix)

Crunch + Unfinished

- 80s drum machines
- Musical focused background
- Background music and beat sequences

8 | 09172020

Reassurance - Percussion Heavy + bassy - Effects and creative vocals - Heavily filtered base - Synth accentuated vocals

Super Ink Burst

- Feeling of... Regional music?
- Hip hop inspired backgrounds
- Also, random rap vocals in the background?

745

- Trap + Rap
- Heavy baseline
- Traditional drum machininigo

Animal

- House, poppy, background
- Traditinoal house background
- Modulated vocals

9 | 09222020

...And the World Laughs With You

- Synth pop + retro vocals?
- White noise as percussion

Six days

- Wavetable vibes
- Lots of patching into echo
- Heavily filtered vocals
- Indian drums

No Idea

- Interesting... flute? intro?
- "Gansta walk" type music
- Typically base heavy

Lovely Rita

- Classic Beatles guitar vibes
- Unfiltered basic vocals
- Melotical backing vocals
- Piano riff as transition

10 | 09242020

Facing the Sea

- Creative drum pattern
- Signature vocals highlight the tune of the music
- Sudden transition to dubstep style music
- During vocals, traditional but still slightly (house?) pattern

11 | 10082020

Ritual Union

- Balese instruments?
- Impactful background drum beat + claps
- Uniquely musical vocals — lead synth is... vocals?
- A little unmixed?
- Background wobble adds depth to base track
