## 1 | Questions

## **Derivatives Terminology**

- 1. Slide 10
  - 1. Is sin(x)/x indeterminate form? Or just the derivative of it?
  - 2. Isn't  $\frac{x}{a} = b$  "What number divided by a gives b" instead of "What number multiplied by a gives b"?
- 2. Slide 17
  - 1. How to evaluate  $\lim_{x\to 0} \frac{sinx}{x}$  and  $\lim_{x\to 0} sin\frac{1}{x}$ ?
