## 1 | the security dilemma

- 1.1 | states that build armies for defensive concerns trigger fear in other states
- 1.2 | "bringing a machete to the airplane example"
- 1.3 | two states that are individually defensive may look like they are teaming up
- 2 | examples
- 2.1 | when germany gets big in 1871, France and Russia freak out
- 2.1.1 | they join forces, which makes germany concerned. the cycle continues
